THE SERVICES THAT MAKE A DIFFERENCE

LOCKED-IN SAVINGS

Lynx Products will quote your annual or bi-annual usage and guarantee pricing for the length of your blanket order.

SECURED INVENTORY LEVELS

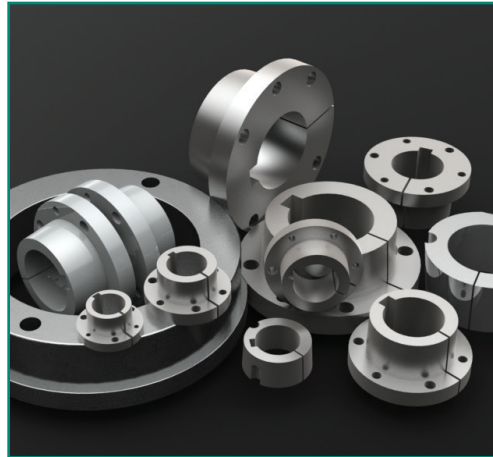

Lynx Products will warehouse your product free of charge for the duration of your blanket order, guaranteeing your needed level of stock is always there.

JUST IN TIME SHIPPING

Lynx Products will ship your product to arrive just in time according to your manufacturing schedule.

POWER TRANSMISSION COMPONENTS

BEARINGS

Lynx Products Corp. can supply a wide range of ball and roller bearings for many applications. Agricultural Bearings, Conveyor Roller Bearings, Flange Bearings and more are available.

COMPRESSION HUBS & BUSHINGS

Lynx Products Corp. stocks the industry preferred offering for conveyor pulley applications. These offerings are designed specifically for rigid end disc drum and wing pulleys to reduce the occurrence of end disc failure as a result of shaft bending moments being transmitted to the hub and end disc.

SPROCKETS

Lynx Products Corp. stocks many of the common sizes of A-plate and B-hub sprockets used in CDLR applications. These sprockets are bored to size to fit most industry standard diameters of conveyor rollers.
